

Wildstream

**DRIVEN BY CREATIVITY,
EXPERTISE AND RESULTS**

WildStream is a belgian marketing communication agency working for retail oriented companies. Sense of critical attitude combined with fresh ideas lie in the nature of the people who work at Wild Stream. They combine expertise with creativity for the benefit of their clients.

NON's challenge was to reflect this vision in agency's presentation website. Wildstream's online presence needed to be one of a kind: innovative, vibrant, impactful with an accent on portfolio.

NON focused on graphical layouts and user experience design. We adopted a strong image-based style, with dedicated photo-shootings to accentuate the retail environment in which the agency activates.

NON also took care of Wildstream's concern for new technologies in the digital environment, by making the design responsive, and by all the imagery over the site.
